- Cake Delivery Management System | GSC InfoTech
- Built and managed websites using HTML, CSS, PHP, MySQL, and Wordpress
- Contributed to the development and integration of website features and functionality with foundational expertise in web development languages and platforms

Projects / Learning

Employee Resume Directory (Node.js, Express, EJS, MongoDB)

- Built a web-based directory to manage employee resumes using **EJS templating engine** with **Node.js & Express**.
- Integrated **MongoDB** for storing employee details and resumes with CRUD functionalities (Add, View, Update, Delete).
- Implemented **pagination** for efficient navigation through large employee datasets.
- Added **resume download functionality**, allowing users to easily retrieve candidate resumes.
- Designed dynamic server-rendered views using EJS for better user experience.

ToDo Application (MERN Stack: MongoDB, Express, React, Node.js)

- Built a **ToDo App** with **React.js frontend**, **Node.js/Express.js backend**, and **MongoDB** database.
- Implemented **user authentication with JWT**, and CRUD operations for task management.
- Used **React Hooks** for state management and reusable components.
- Optimized API integration using **Fetch**, enabling smooth client-server communication.
- Deployed full-stack application on **Render**, ensuring production-ready performance.

MyShop (React + Redux Toolkit)

- Developed an **e-commerce cart system** using **React.js** with **Redux Toolkit** for state management.
- Implemented cart functionality: **add/remove items**, **increase/decrease item count**, calculate **per-item total** and **final purchase amount**.
- Added **“Place Order” button** that clears the cart and displays a confirmation message.
- Used **Local Storage** to persist cart data across sessions, ensuring a smooth user experience.
- Deployed live demo on **GitHub Pages** for accessibility.

Extra curricular

Creation of Lord Ganesha Idol: Collaborated with a team of five to create a Lord Ganesha idol, demonstrating teamwork and creativity.

Game: Blow Cup Challenge: Competed individually in the Blow Cup Challenge, demonstrating precision and focus in achieving the game objective.

Bay Decoration: Participated in bay decoration activities, contributing to creative design and teamwork to enhance the aesthetic appeal of the event.

Hobbies and Interests

Listening Music, Reading, Planting.
